With experience of retail, exhibition and office design I am an interior designer specialising in conceptual visualisations, CAD, 3d modeling, space planning and surveying. Having worked on several international retail projects and exhibitions, both at home and abroad, I work efficiently under my own initiative and successfully as part of a team. Possessing excellent time management and negotiation skills I am proactive and flexible in achieving my aims.

08/2004 - present **Freelance Interior Designer**

Clients include:

Imagination Ltd. working with the creative team for major blue chip clients undertaking exhibition, event and retail design.
